

Plans for Campbell Park

Natural Adventure Play Area

Traditional play areas can be prescriptive and boring

We might introduce some water-play

Our new play area will use natural materials and let children make their own fun

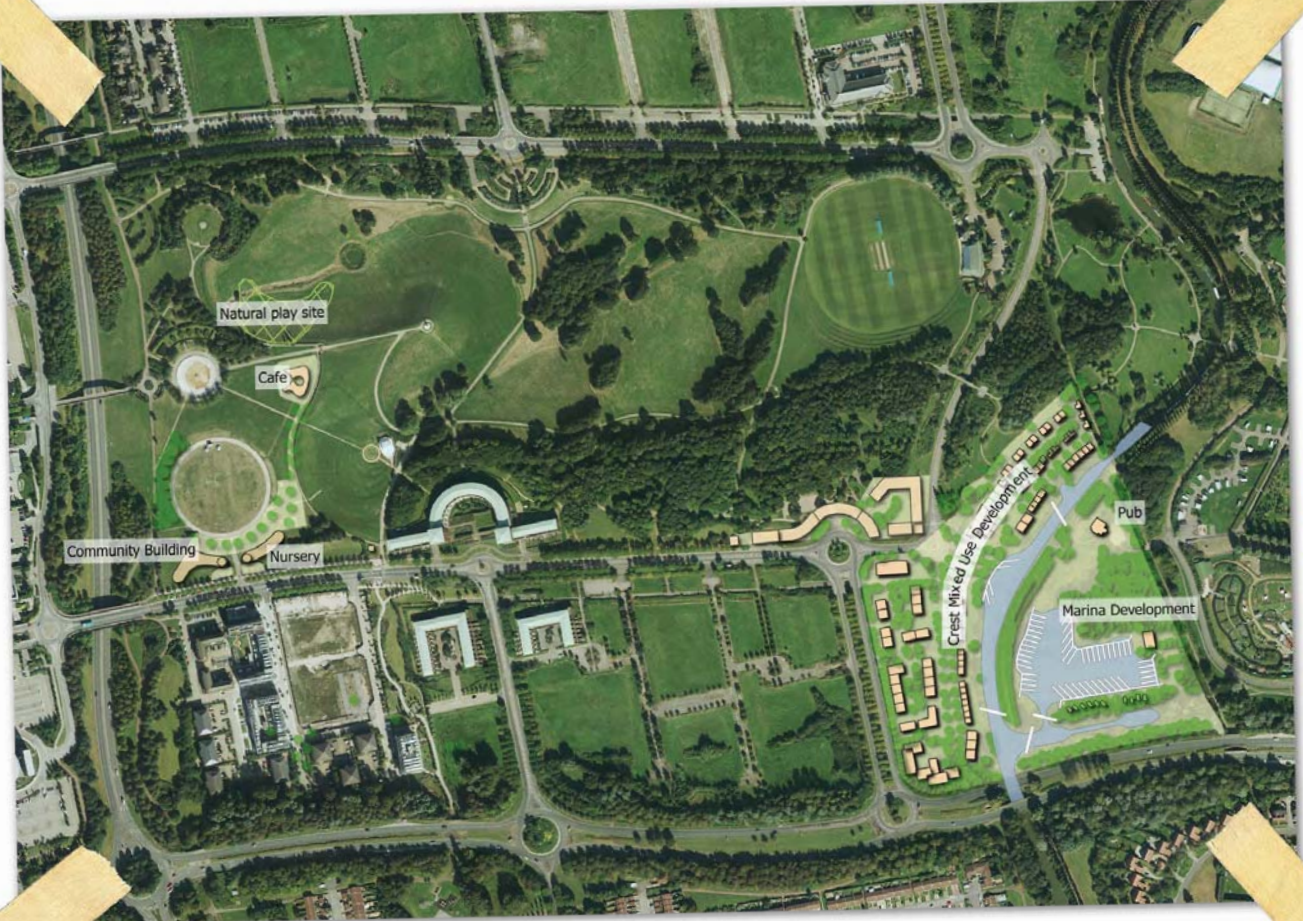

We'll use the gradient of the landscape to make the play area more interesting

We'll use natural materials...

...mixed with some good off-the-shelf kit

Timberplay

We'll soften the scheme appropriately into the landscape

Timberplay

Sometimes the simplest schemes are more fun to play on...

Coombe Abbey - North Warwickshire destination park

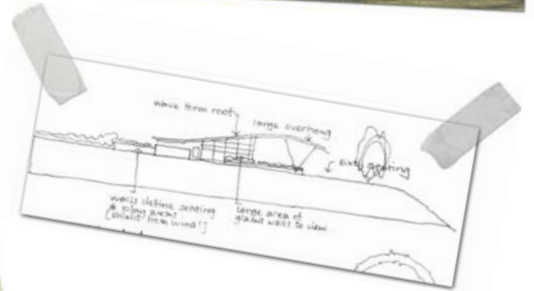

Timberplay

...but we'll also include some key pieces to make Campbell Park the best destination in the region

Stanwick Lakes - Northamptonshire destination park

Cafe & Visitor Centre

- . Sited alongside the Belvedere approach
- . Landmark building which fuses landscape and architecture
- . An architectural icon

- . Panoramic views over the park and beyond
- . Sheltered outdoor seating
- . Toddler play area nearby

Nursery & Community Building
